

Directions to Higher Coombe Farm from Sherford direction

Turn right off Chillington/Kingsbridge road heading towards Kingsbridge, just before Frogmore. It is signed Sherford. Go through Sherford and follow signs to East Allington.

After Sherford you join the East Allington road at a T-Junction. About half a mile after this junction you pass Coles Cross with cottages on the left hand side and a right hand turning to Slapton. Keep going straight on towards East Allington, and as you start to go down a long hill into the bottom of the valley keep a look out for our lane which is on the right hand side right at the bottom of the valley, just before a big left hand bend. There is a brown wooden sign saying Higher Coombe Farm but unfortunately, you can't see the sign until you are past it and turn round to look behind you! If you get to Lower Coombe Farm, or Kellerton Farm, you have gone too far!

Having turned right up our lane, continue on this track (ignoring right and left hand turnings) until you come to a six bar gate with a sign on it with Higher Coombe Farm.

When you come in through the gate, the drive forks – keep right and you will pass a barn/cottage on the left and a row of pig stys on the right. At the top of the drive, there is a cottage straight ahead of you (Nikki's office) and the farmhouse is on the right, through the arch. Park anywhere!

There is no mobile reception in the valley, so if you get stuck, retrace steps until you are higher up!
